
EDUCATION

Anurag University

Computer Science and Engineering; CGPA: 8.02

Hyderabad, India
August 2022 - June 2025

Christu Jyothi Institute of Technology

Civil Engineering; CGPA: 8.40

Jangaon, India
June 2019 - July 2022

TS Model School

CGPA: 8.80

Jangaon, India
2019

SKILLS SUMMARY

- **Programming Languages:** Java, Python
- **Web Technologies:** Html, CSS, JavaScript
- **Frameworks & Libraries:** Spring Boot, React, Tailwind CSS
- **Databases:** MySQL, SQL

WORK EXPERIENCE

JAVA DEVELOPER INTERN | Cognifyz Technologies | [LINK](#)

April 24 - May 24

- Demonstrated strong proficiency in Java development, effectively tackling new assignments and applying problem-solving skills.
- Collaborated on backend development tasks, showing keen attention to detail and consistent commitment to learning and improvement.

PROJECTS

ClipZip - Full-Stack Video Downloader Web App| [LINK](#)

- Built a responsive, dark-themed video downloader using Spring Boot, React and Tailwind CSS, enabling users to fetch videos from YouTube, Instagram, Facebook, and Twitter.
- Integrated Supabase authentication for secure email/password login and RapidAPI to fetch video metadata with real-time preview and format selection.
- Optimized frontend performance and minimized redundant API calls, reducing average load times by 45% and significantly improving the user experience.

Portfolio Website | [LINK](#)

- Developed a fully responsive portfolio website using React and Tailwind CSS, ensuring smooth performance and accessibility across all devices.
- Implemented dynamic features such as interactive navigation and form validation using JavaScript, enhancing user engagement and overall experience.
- Showcased 3+ projects and professional experiences, providing a clear view of skills and boosting visitor interaction by 20%.

CERTIFICATES

- **Java Full Stack (WIPRO) | [CERTIFICATE](#)**
- **Programming in Java (NPTEL) | [CERTIFICATE](#)**
- **SQL and Relational Databases (IBM) | [CERTIFICATE](#)**
